25X1 25X1	3.	Sentries at the Flak-Kaserne on Zibkeleberweg wore red-bordered black enaulets with artillery insignia. Two groups of two sentries each were patrolling outside the fence around the entire billeting area. The view into the barracks yard was blocked. The shouting of commands heard from there indicated that troops were drilling intensively.
25X1 25X1	6.	The Stab-Kaserne on Beimstrasse was guarded by sentuies wearing black-bordered red epaulets without branch-of-service insignia. At 3 p.m. on 19 December, six platoons of 33 to 36 men returned to the installation from the training area, carrying carbines, submachine guns, field targets, and argunition boxes. In addition, there were four light machine guns with each platoon. No training activity was observed in the barracks yard.
